- E. capital expenditure forecast

Answer: C. sales forecast

177. The composition of the numerous separate but interdependent departmental budgets that cover a wide range of operating and financial factors such as sales, production, manufacturing expenses and administrative expenses is known as

- A. operating budget
- B. capital budget
- C. pro forma statements
- D. cash budget
- E. master budget ✓**

Answer: E. master budget

178. Perpetual or continuous budgeting utilises

- A. a 3-month reporting period
- B. a 12-month reporting period ✓**
- C. a 6-month reporting period
- D. a 3-year reporting period
- E. a 5-year reporting period

Answer: B. a 12-month reporting period

179. _____ budgets are intended to provide a basis for evaluating expenditures that will impact the business for more than one year.

- A. Operating
- B. Strategic
- C. Frontline
- D. Tactical
- E. Capital ✓**

Answer: E. Capital

180. Budgeted financial statements prepared from information in the master budget refer to

- A. operating budget statements
- B. participative budget statements
- C. budget committee statements
- D. pro forma statements ✓**
- E. cash flow statements

Answer: D. pro forma statements

181. A budget is

- A. prepared primarily as a planning function only
- B. administered as a control function only

- C. a statement of expected results or requirements expressed in financial or numerical terms only
 - D. an audited record of past financial performance
 - E. prepared primarily as a planning function, administered as a control function, and a statement of expected results or requirements expressed in financial or numerical terms ✓**
- Answer: E. prepared primarily as a planning function, administered as a control function, and a statement of expected results or requirements expressed in financial or numerical terms**

182. Which of the following is true?

- A. information contained in the financial statement budgets is used to prepare the operating budgets
- B. information contained in the tactical budgets is used to prepare the operating budgets
- C. information contained in the operating budgets is used to prepare the strategic budgets
- D. information contained in the operating budgets is used to prepare the financial statement budgets ✓**
- E. information contained in the cash budget is used to prepare the sales budget

Answer: D. information contained in the operating budgets is used to prepare the financial statement budgets

183. Pro forma income statements are

- A. projected cash available gotten from projected cash accumulated and projected disbursements
- B. summaries of projected assets, liabilities and net worth
- C. projected net profits calculated from projected revenues and projected costs and expenses ✓**
- D. summaries of projected net profits, assets, liabilities and net worth
- E. volumes of sales where the venture makes neither a profit nor a loss

Answer: C. projected net profits calculated from projected revenues and projected costs and expenses

184. _____ summarises the projected assets, liabilities and equity of the new venture.

- A. Pro forma income statement
- B. Pro forma cash flow
- C. Pro forma accounting statement
- D. Pro forma balance sheet ✓**
- E. Cash budget

Answer: D. Pro forma balance sheet

185. What are the main segments of a pro forma balance sheet?

- A. Owners equity and retained earnings
- B. Fixed assets
- C. Current liabilities
- D. Assets, liabilities and owners equity ✓**
- E. Revenues, costs and expenses

Answer: D. Assets, liabilities and owners equity

186. Projected cash available calculated from projected cash accumulations minus projected cash disbursements refers to

- A. cash budget
- B. pro forma cash flow ✓**
- C. sales budget
- D. pro forma income
- E. pro forma balance sheet

Answer: B. pro forma cash flow

187. In the preparation of the pro forma income statement, the entrepreneur must first develop a

- A. Sales budget ✓**
- B. Cash flow statement
- C. Sales revenue projection

- D. Selling and administrative statement
- E. Material inventory schedule

Answer: A. Sales budget

188. Before developing the pro forma income statement, the entrepreneur should prepare the

- A. strategic plan and operating budgets
- B. strategic plan and capital budgets
- C. capital and operating budgets ✓**
- D. tactical and strategic budgets
- E. cash budget and sales forecast

Answer: C. capital and operating budgets

189. A prediction of what a company's financial statements will look like at the end of the forecast period is called

- A. a forecast statement
- B. a pro forma statement ✓**
- C. a balance sheet
- D. a future statement
- E. an income statement

Answer: B. a pro forma statement

190. Which of the following statements is referred to as a summary of operations?

- A. balance sheet
- B. statement of cash flows
- C. statement of retained earnings
- D. income statement ✓**
- E. pro forma balance sheet

Answer: D. income statement

191. Depending on the nature of a business, a manufacturing or operation plan may not be required in the business plan, but for ventures that require capital equipment this section is important and should be made up of

- A. operations, human resources, facilities, inventory and related issues ✓**
- B. facilities, inventory and operations
- C. equipment, technology, raw materials, human resources and operations
- D. legal and insurance, operations and related issues
- E. vendor relations, operations, suppliers and related issues

Answer: A. operations, human resources, facilities, inventory and related issues

192. Which of the following represents a long-term solvency ratio?

- A. return on equity
- B. debt to equity ratio ✓**
- C. equity ratio
- D. assets turnover ratio
- E. current ratio

Answer: B. debt to equity ratio

193. In preparing the pro forma balance sheet, the entrepreneur will require the use of

- (i) pro forma income and cash flow statements**
- (ii) operations and sales budgets**
- (iii) capital budgets prepared under different scenarios**

- A. i, ii and iii are correct ✓**
- B. i and ii only are correct
- C. i and iii only are correct
- D. ii and iii only are correct
- E. i only is correct

Answer: A. i, ii and iii are correct

194. A statement of estimated income and expenses over a specified period of time is known as a

- A. operating budget
- B. capital budget
- C. master budget
- D. budget ✓**
- E. financial statement

Answer: D. budget

195. Which of the following is a formal plan expressed in numerical terms?

- A. performance evaluation
- B. financial statement
- C. production schedule
- D. proposal
- E. budget ✓**

Answer: E. budget

196. Administration plans generally cover a period of

- A. five years or less
- B. less than 1 year ✓**
- C. more than 5 years
- D. more than 10 years
- E. exactly 3 years

Answer: B. less than 1 year

197. Topsy Turvy Company Ltd sells furniture. It had a beginning balance of \$40,000 in accounts receivable on 1 October and normally collects 100 percent of accounts receivable in the month following the month of sale. Cash sales are \$15,000, \$17,250 and \$19,838, and sales on account are \$45,000, \$51,750 and \$59,513 for October, November and December respectively. Determine the accounts receivable for October.

- A. \$75,000
- B. \$40,000 ✓**
- C. \$55,000
- D. \$45,000
- E. \$15,000

Answer: B. \$40,000

198. Using the Topsy Turvy data (beginning accounts receivable \$40,000; sales on account of \$45,000, \$51,750 and \$59,513 for October, November and December), determine the accounts receivable for November.

- A. \$62,250
- B. \$17,500
- C. \$61,250
- D. \$45,000 ✓**
- E. \$69,000

Answer: D. \$45,000

199. Using the Topsy Turvy data (sales on account of \$45,000, \$51,750 and \$59,513 for October, November and December), determine the accounts receivable for December.

- A. \$72,300
- B. \$79,351
- C. \$66,274
- D. \$54,450
- E. \$51,750 ✓**

Answer: E. \$51,750

200. Using the Topsy Turvy data (cash sales of \$15,000, \$17,250 and \$19,838 for October, November and December), determine the budgeted cash sales for October.

- A. \$65,000
- B. \$45,000
- C. \$55,000
- D. \$15,000 ✓**
- E. \$60,000

Answer: D. \$15,000

201. Using the Topsy Turvy data (cash sales of \$15,000, \$17,250 and \$19,838 for October, November and December), determine the budgeted cash sales for December.

- A. \$19,838 ✓**
- B. \$71,588
- C. \$79,351
- D. \$59,513
- E. \$73,200

Answer: A. \$19,838

202. Topsy Turvy Company Ltd collects 100 percent of accounts receivable in the month following the month of sale. Sales on account are \$45,000, \$51,750 and \$59,513 for October, November and December. Determine the amount of accounts receivable that will appear on the company's fourth quarter pro forma balance sheet.

- A. \$79,351
- B. \$51,750
- C. \$19,838
- D. \$59,513 ✓**
- E. \$45,000

Answer: D. \$59,513

203. Topsy Turvy Company Ltd has total budgeted sales of \$60,000, \$69,000 and \$79,351 for October, November and December. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

- A. \$188,838
- B. \$156,263
- C. \$52,088
- D. \$19,838
- E. \$208,351 ✓**

Answer: E. \$208,351

204. Kaneapa Company Ltd had a beginning balance of \$60,000 in accounts receivable on 1 October and collects 100 percent of accounts receivable in the month following the month of sale. Sales on account are \$45,000, \$49,500 and \$54,450 for October, November and December. Determine the accounts receivable for November.

- A. \$45,000 ✓**
- B. \$67,000
- C. \$71,500
- D. \$82,000
- E. \$105,000

Answer: A. \$45,000

205. Kaneapa Company Ltd has cash sales of \$20,000, \$22,000 and \$24,200 for October, November and December. Determine the budgeted cash sales for November.

- A. \$67,000
- B. \$49,500
- C. \$71,500

D. \$82,000

E. \$22,000 ✓

Answer: E. \$22,000

206. Dandy Electronics Company Ltd has no accounts receivable on 1 October. Its sales on account are GH¢337,500, GH¢421,875 and GH¢527,344 for October, November and December, and total budgeted collections are GH¢787,500, GH¢1,321,875 and GH¢1,652,344. Determine the accounts receivable for November.

A. GH¢984,375

B. GH¢900,000

C. GH¢787,500

D. GH¢337,500 ✓

E. GH¢421,875

Answer: D. GH¢337,500

207. Dandy Electronics Company Ltd has sales on account of GH¢337,500, GH¢421,875 and GH¢527,344 for October, November and December. Determine the amount of accounts receivable that will appear on the company's fourth quarter pro forma balance sheet.

A. GH¢652,344

B. GH¢421,875

C. GH¢527,344 ✓

D. GH¢1,757,813

E. GH¢337,500

Answer: C. GH¢527,344

208. Dandy Electronics Company Ltd has total budgeted sales of GH¢1,125,000, GH¢1,406,250 and GH¢1,757,813 for October, November and December. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

A. GH¢1,652,344

B. GH¢1,757,813

C. GH¢3,761,719

D. GH¢4,289,063 ✓

E. GH¢2,531,250

Answer: D. GH¢4,289,063

209. Dandy Electronics Company Ltd has total budgeted sales of GH¢1,125,000, GH¢1,406,250 and GH¢1,757,813 for October, November and December. Compute the expected increase in sales per month during November and December.

A. 40 percent

B. 30 percent

C. 20 percent

D. 25 percent ✓

E. 35 percent

Answer: D. 25 percent

210. GoldCom Corporation has three divisions preparing a sales budget. First quarter sales are East \$520,000, West \$740,000 and South \$340,000. Growth expectations per quarter are 2 percent for East, 3 percent for West and 5 percent for South. Determine the sales in the fourth quarter for the West Division.

A. \$840,924

B. \$808,618 ✓

C. \$551,828

D. \$393,593

E. \$762,200

Answer: B. \$808,618

211. GoldCom Corporation has first quarter sales of East \$520,000, West \$740,000 and South

\$340,000, with quarterly growth of 2 percent, 3 percent and 5 percent respectively. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

- A. \$1,649,600
- B. \$1,700,924
- C. \$1,826,326
- D. \$1,600,000
- E. \$1,754,039 ✓**

Answer: E. \$1,754,039

212. Hokus Pokus Company Ltd has three districts. First quarter sales are Kumasi \$650,000, Accra \$880,000 and Cape Coast \$420,000. Growth expectations per quarter are 4 percent for Kumasi, 5 percent for Accra and 10 percent for Cape Coast. Determine the sales in the fourth quarter for the Accra District.

- A. \$924,000
- B. \$970,200
- C. \$1,069,646
- D. \$1,161,000
- E. \$1,018,710 ✓**

Answer: E. \$1,018,710

213. Hokus Pokus Company Ltd has first quarter sales of Kumasi \$650,000, Accra \$880,000 and Cape Coast \$420,000, with quarterly growth of 4 percent, 5 percent and 10 percent respectively. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

- A. \$2,308,892 ✓**
- B. \$1,649,600
- C. \$1,749,872
- D. \$2,452,326
- E. \$1,950,000

Answer: A. \$2,308,892

214. Osagyefo Clothing Company Ltd wants a cash cushion of GH¢40,000 before the interest payment at the end of each month. Its July ending cash balance is GH¢34,000 and August cash receipts are GH¢486,000. Compute the total cash available for August.

- A. GH¢525,000
- B. GH¢496,250
- C. GH¢485,000
- D. GH¢520,000 ✓**
- E. GH¢540,000

Answer: D. GH¢520,000

215. Osagyefo Clothing Company Ltd has an August ending cash balance of GH¢31,000 and September cash receipts of GH¢749,000. Compute the total cash available for September.

- A. GH¢749,000
- B. GH¢780,000 ✓**
- C. GH¢775,000
- D. GH¢795,000
- E. GH¢718,000

Answer: B. GH¢780,000

216. Osagyefo Clothing Company Ltd has total cash available of GH¢520,000 for August and total budgeted disbursements of GH¢540,000. Determine the cash shortage for August.

- A. GH¢40,000
- B. GH¢20,000 ✓**
- C. GH¢65,000

D. GH¢80,000

E. GH¢60,000

Answer: B. GH¢20,000

217. Osagyefo Clothing Company Ltd has total cash available of GH¢780,000 for September and total budgeted disbursements of GH¢632,000. Determine the cash surplus for September.

A. GH¢105,000

B. GH¢120,500

C. GH¢80,000

D. GH¢188,000

E. GH¢148,000 ✓

Answer: E. GH¢148,000

218. Osagyefo Clothing Company Ltd has an August cash shortage of GH¢20,000 and wants to keep a cash cushion of GH¢40,000. Calculate the amount to be borrowed for August.

A. GH¢60,000 ✓

B. GH¢90,000

C. GH¢40,000

D. GH¢120,000

E. GH¢20,000

Answer: A. GH¢60,000

219. Osagyefo Clothing Company Ltd has a September cash surplus of GH¢148,000 and wants to keep a cash cushion of GH¢40,000. Calculate the amount to be repaid for September.

A. GH¢92,000

B. GH¢108,000 ✓

C. GH¢65,500

D. GH¢40,000

E. GH¢148,000

Answer: B. GH¢108,000

220. Osagyefo Clothing Company Ltd is charged interest at 5 percent per month. Its loan balances after financing are GH¢120,000 in July, GH¢180,000 in August and GH¢72,000 in September. Compute the total amount of interest expense for the third quarter.

A. GH¢18,600 ✓

B. GH¢18,000

C. GH¢16,200

D. GH¢15,400

E. GH¢21,600

Answer: A. GH¢18,600

221. Birdy-Birdy's Jewellery Shop wants a cash cushion of GH¢9,000 before the interest payment at the end of each month. Its July ending cash balance is GH¢7,139 and August cash receipts are GH¢180,000. Compute the total cash available for August.

A. GH¢100,440

B. GH¢163,718

C. GH¢187,139 ✓

D. GH¢190,225

E. GH¢180,000

Answer: C. GH¢187,139

222. Birdy-Birdy's Jewellery Shop has an August ending cash balance of GH¢7,214 and September cash receipts of GH¢216,000. Compute the total cash available for September.

A. GH¢440,400

B. GH¢223,214 ✓

C. GH¢229,226

D. GH¢189,440

E. GH¢216,000

Answer: B. GH¢223,214

223. Birdy-Birdy's Jewellery Shop has total cash available of GH¢187,139 for August and total budgeted disbursements of GH¢174,400. Determine the cash surplus for August.

A. GH¢19,558

B. GH¢12,739 ✓

C. GH¢25,387

D. GH¢17,125

E. GH¢9,000

Answer: B. GH¢12,739

224. Birdy-Birdy's Jewellery Shop has a September cash surplus of GH¢23,198 and wants to keep a cash cushion of GH¢9,000. Calculate the amount to be repaid for September.

A. GH¢14,198 ✓

B. GH¢17,312

C. GH¢19,851

D. GH¢27,324

E. GH¢23,198

Answer: A. GH¢14,198

225. Birdy-Birdy's Jewellery Shop is charged interest at 2 percent per month. Its loan balances after financing are GH¢93,060 in July, GH¢89,321 in August and GH¢75,123 in September. Compute the total amount of interest expense for the third quarter.

A. GH¢2,230

B. GH¢6,590

C. GH¢7,340

D. GH¢4,650

E. GH¢5,150 ✓

Answer: E. GH¢5,150

226. Birdy-Birdy's Jewellery Shop has September total cash available of GH¢223,214, total disbursements of GH¢200,016, a repayment of GH¢14,198 and interest of GH¢1,502. Compute the ending cash balance for the month of September.

A. GH¢7,356

B. GH¢7,532

C. GH¢7,667

D. GH¢7,498 ✓

E. GH¢9,000

Answer: D. GH¢7,498

227. Consider the two statements below. S1: Entrepreneurs dealing in low tech products should focus on products that can be made easily, marketed quickly, and terminated with a minimum of effort. BECAUSE S2: Patents cannot protect low tech products and they can be copied or easily replicated by competitors. Select the correct response.

A. both statements are TRUE and the second is a correct explanation of the first

B. both statements are TRUE and the second is NOT a correct explanation of the first

C. the first statement is FALSE and the second is TRUE

D. the first statement is TRUE and the second is FALSE ✓

E. both statements are FALSE

Answer: D. the first statement is TRUE and the second is FALSE

228. Consider the two statements below. S1: Entrepreneurs have to be inventive geniuses to pursue mid-tech innovations. BECAUSE S2: Mid-tech products presume the application of new knowledge. Select the correct response.

A. both statements are TRUE and the second is a correct explanation of the first

B. both statements are TRUE and the second is NOT a correct explanation of the first

C. both statements are FALSE ✓

D. the first statement is TRUE and the second is FALSE

E. the first statement is FALSE and the second is TRUE

Answer: C. both statements are FALSE

229. Consider the two statements below. S1: Differentiating high-tech from mid-tech products is largely a matter of perception. BECAUSE S2: What is a high-tech product to some may be a mid-tech product to others. Select the correct response.

A. both statements are TRUE and the second is a correct explanation of the first ✓

B. both statements are TRUE and the second is NOT a correct explanation of the first

C. the first statement is TRUE and the second is FALSE

D. the first statement is FALSE and the second is TRUE

E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

230. Consider the two statements below. S1: New ventures establish in a market niche. BECAUSE S2: Companies try to establish segmentation strategies so that efficient use of resources can be achieved without ambiguity. Select the correct response.

A. both statements are TRUE and the second is NOT a correct explanation of the first

B. the first statement is TRUE and the second is FALSE

C. the first statement is FALSE and the second is TRUE

D. both statements are FALSE

E. both statements are TRUE and the second is a correct explanation of the first ✓

Answer: E. both statements are TRUE and the second is a correct explanation of the first

231. Consider the two statements below. S1: Market research is a fundamental part of planning a new venture. BECAUSE S2: A market research will establish primarily if demand exists for a product or service. Select the correct response.

A. both statements are TRUE and the second is a correct explanation of the first ✓

B. both statements are TRUE and the second is NOT a correct explanation of the first

C. the first statement is TRUE and the second is FALSE

D. the first statement is FALSE and the second is TRUE

E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

232. Consider the two statements below. S1: Feasibility plans are best prepared by specialists. BECAUSE S2: Specialists, such as financial experts, know how to operate businesses. Select the correct response.

A. both statements are TRUE and the second is a correct explanation of the first

B. both statements are FALSE ✓

C. both statements are TRUE and the second is NOT a correct explanation of the first

D. the first statement is TRUE and the second is FALSE

E. the first statement is FALSE and the second is TRUE

Answer: B. both statements are FALSE

233. Consider the two statements below. S1: Prices for goods and services must coincide with strategies that reinforce an entrepreneur's business and reputation. BECAUSE S2: Prices of products and services communicate perceptual messages to consumers. Select the correct response.

A. both statements are TRUE and the second is a correct explanation of the first ✓

B. both statements are TRUE and the second is NOT a correct explanation of the first

C. the first statement is TRUE and the second is FALSE

D. the first statement is FALSE and the second is TRUE

E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

234. Consider the two statements below. S1: Seed financing is needed prior to or during start-up of a new venture. BECAUSE S2: Seed financing is needed to underwrite operations, assets or business development. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

235. Consider the two statements below. S1: Intrapreneur is a contrived word meaning a person who pursues an innovation, becoming a champion for its development within an organisation. BECAUSE S2: The word is from intra-company entrepreneur. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. the first statement is TRUE and the second is FALSE
- C. the first statement is FALSE and the second is TRUE
- D. both statements are TRUE and the second is a correct explanation of the first ✓**
- E. both statements are FALSE

Answer: D. both statements are TRUE and the second is a correct explanation of the first

236. Consider the two statements below. S1: A good way to fail quickly in a new business is to start without a clear vision. BECAUSE S2: A business without a clear vision shows a lack of understanding of marketing issues. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

237. Consider the two statements below. S1: Planning is a process that never ends for a new venture. BECAUSE S2: Businesses evolve from early start-up to a final growth stage if planning is done well in the beginning. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

238. Consider the two statements below. S1: Most technical entrepreneurs tend to start businesses closely related to what they did in previous career positions. BECAUSE S2: The success of entrepreneurs is based on a business ideology which is defined as a system of beliefs about how one conducts an enterprise. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. both statements are TRUE and the second is a correct explanation of the first ✓**
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: B. both statements are TRUE and the second is a correct explanation of the first

239. Consider the two statements below. S1: There are more male entrepreneurs than female entrepreneurs. BECAUSE S2: Men tend to launch ventures early in their lives, but women tend to become entrepreneurs after their children are grown. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
