Answer: B. money portability

156. Lenders to a new venture typically focus on aspects of credit character which include

(i) cash flow

(ii) collateral

(iii) equity contribution

- A. i and ii only are correct

B. i, ii and iii are correct ✓

- C. i and iii only are correct

- D. i only is correct

- E. iii only is correct

Answer: B. i, ii and iii are correct

157. _____ is a process that involves co-ordinating the finances of all areas of the new venture.

- A. Cost accounting
- B. Financial accounting
- C. Management accounting
- D. Strategic planning

E. Budgeting ✓

Answer: E. Budgeting

158. _____ involves deciding which market niche should be profitable.

- A. Operating budgeting
- B. Capital budgeting
- C. Sales forecasting

D. Strategic planning ✓

- E. Tactical budgeting

Answer: D. Strategic planning

159. Which of the following involves making decisions such as whether to buy or lease equipment?

- A. strategic planning
- B. operating budgeting
- C. tactical budgeting
- D. sales forecasting
- E. capital budgeting ✓**

Answer: E. capital budgeting

160. Which of the following budgets is expected to be more specific?

- A. tactical budgeting
- B. operating budgeting ✓**
- C. capital budgeting
- D. strategic planning
- E. financial statement budgeting

Answer: B. operating budgeting

161. The three major budget categories in the master budget consist of operating budgets, capital budgets and

- A. strategic plans
- B. tactical budgets
- C. cash budgets
- D. financial statement budgets ✓**
- E. pro forma statements

Answer: D. financial statement budgets

162. The master budget normally covers a

- A. one-year time span ✓**
- B. five year time span
- C. three year time span
- D. three month time span
- E. six month time span

Answer: A. one-year time span

163. The budgeting process normally begins with the preparation of

- A. capital budgets
- B. financial statement budgets
- C. strategic budgets
- D. operating budgets ✓**
- E. pro forma statements

Answer: D. operating budgets

- A. return on equity
- B. equity ratio
- C. assets turnover ratio
- D. debt to equity ratio ✓**
- E. current ratio

Answer: D. debt to equity ratio

181. Topsy Turvy Company Ltd sells furniture. It had a beginning balance of \$40,000 in accounts receivable on 1 October and normally collects 100 percent of accounts receivable in the month following the month of sale. Cash sales are \$15,000, \$17,250 and \$19,838, and sales on account are \$45,000, \$51,750 and \$59,513 for October, November and December respectively. Determine the accounts receivable for October.

- A. \$75,000
- B. \$55,000
- C. \$45,000
- D. \$15,000
- E. \$40,000 ✓**

Answer: E. \$40,000

182. Using the Topsy Turvy data (beginning accounts receivable \$40,000; sales on account of \$45,000, \$51,750 and \$59,513 for October, November and December), determine the accounts receivable for November.

- A. \$62,250
- B. \$45,000 ✓**
- C. \$17,500
- D. \$61,250
- E. \$69,000

Answer: B. \$45,000

183. Using the Topsy Turvy data (sales on account of \$45,000, \$51,750 and \$59,513 for October, November and December), determine the accounts receivable for December.

- A. \$72,300
- B. \$51,750 ✓**
- C. \$79,351
- D. \$66,274
- E. \$54,450

Answer: B. \$51,750

184. Using the Topsy Turvy data (cash sales of \$15,000, \$17,250 and \$19,838 for October, November and December), determine the budgeted cash sales for October.

- A. \$65,000

- B. \$45,000
- C. \$55,000
- D. \$60,000
- E. \$15,000 ✓**
- Answer: E. \$15,000**

185. Using the Topsy Turvy data (cash sales of \$15,000, \$17,250 and \$19,838 for October, November and December), determine the budgeted cash sales for December.

- A. \$71,588
- B. \$79,351
- C. \$59,513
- D. \$73,200
- E. \$19,838 ✓**
- Answer: E. \$19,838**

186. Topsy Turvy Company Ltd collects 100 percent of accounts receivable in the month following the month of sale. Sales on account are \$45,000, \$51,750 and \$59,513 for October, November and December. Determine the amount of accounts receivable that will appear on the company's fourth quarter pro forma balance sheet.

- A. \$79,351
- B. \$51,750
- C. \$19,838
- D. \$59,513 ✓**
- E. \$45,000
- Answer: D. \$59,513**

187. Topsy Turvy Company Ltd has total budgeted sales of \$60,000, \$69,000 and \$79,351 for October, November and December. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

- A. \$208,351 ✓**
- B. \$188,838
- C. \$156,263
- D. \$52,088
- E. \$19,838
- Answer: A. \$208,351**

188. Kaneapa Company Ltd had a beginning balance of \$60,000 in accounts receivable on 1 October and collects 100 percent of accounts receivable in the month following the month of sale. Sales on account are \$45,000, \$49,500 and \$54,450 for October, November and December. Determine the accounts receivable for November.

- A. \$67,000
- B. \$71,500
- C. \$82,000
- D. \$45,000 ✓**
- E. \$105,000
- Answer: D. \$45,000**

189. Kaneapa Company Ltd has cash sales of \$20,000, \$22,000 and \$24,200 for October, November and December. Determine the budgeted cash sales for November.

- A. \$67,000
- B. \$49,500
- C. \$71,500
- D. \$82,000
- E. \$22,000 ✓**
- Answer: E. \$22,000**

190. Dandy Electronics Company Ltd has no accounts receivable on 1 October. Its sales on

account are GH¢337,500, GH¢421,875 and GH¢527,344 for October, November and December, and total budgeted collections are GH¢787,500, GH¢1,321,875 and GH¢1,652,344. Determine the accounts receivable for November.

A. GH¢337,500 ✓

B. GH¢984,375

C. GH¢900,000

D. GH¢787,500

E. GH¢421,875

Answer: A. GH¢337,500

191. Dandy Electronics Company Ltd has sales on account of GH¢337,500, GH¢421,875 and GH¢527,344 for October, November and December. Determine the amount of accounts receivable that will appear on the company's fourth quarter pro forma balance sheet.

A. GH¢652,344

B. GH¢421,875

C. GH¢1,757,813

D. GH¢337,500

E. GH¢527,344 ✓

Answer: E. GH¢527,344

192. Dandy Electronics Company Ltd has total budgeted sales of GH¢1,125,000, GH¢1,406,250 and GH¢1,757,813 for October, November and December. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

A. GH¢1,652,344

B. GH¢1,757,813

C. GH¢3,761,719

D. GH¢4,289,063 ✓

E. GH¢2,531,250

Answer: D. GH¢4,289,063

193. Dandy Electronics Company Ltd has total budgeted sales of GH¢1,125,000, GH¢1,406,250 and GH¢1,757,813 for October, November and December. Compute the expected increase in sales per month during November and December.

A. 40 percent

B. 30 percent

C. 25 percent ✓

D. 20 percent

E. 35 percent

Answer: C. 25 percent

194. GoldCom Corporation has three divisions preparing a sales budget. First quarter sales are East \$520,000, West \$740,000 and South \$340,000. Growth expectations per quarter are 2 percent for East, 3 percent for West and 5 percent for South. Determine the sales in the fourth quarter for the West Division.

A. \$840,924

B. \$551,828

C. \$393,593

D. \$808,618 ✓

E. \$762,200

Answer: D. \$808,618

195. GoldCom Corporation has first quarter sales of East \$520,000, West \$740,000 and South \$340,000, with quarterly growth of 2 percent, 3 percent and 5 percent respectively. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

A. \$1,649,600

B. \$1,700,924

- C. \$1,826,326
- D. \$1,754,039 ✓**
- E. \$1,600,000

Answer: D. \$1,754,039

196. Hokus Pokus Company Ltd has three districts. First quarter sales are Kumasi \$650,000, Accra \$880,000 and Cape Coast \$420,000. Growth expectations per quarter are 4 percent for Kumasi, 5 percent for Accra and 10 percent for Cape Coast. Determine the sales in the fourth quarter for the Accra District.

- A. \$924,000
- B. \$1,018,710 ✓**
- C. \$970,200
- D. \$1,069,646
- E. \$1,161,000

Answer: B. \$1,018,710

197. Hokus Pokus Company Ltd has first quarter sales of Kumasi \$650,000, Accra \$880,000 and Cape Coast \$420,000, with quarterly growth of 4 percent, 5 percent and 10 percent respectively. Determine the amount of sales revenue that will appear on the company's fourth quarter pro forma income statement.

- A. \$1,649,600
- B. \$1,749,872
- C. \$2,452,326
- D. \$1,950,000
- E. \$2,308,892 ✓**

Answer: E. \$2,308,892

198. Osagyefo Clothing Company Ltd wants a cash cushion of GH¢40,000 before the interest payment at the end of each month. Its July ending cash balance is GH¢34,000 and August cash receipts are GH¢486,000. Compute the total cash available for August.

- A. GH¢520,000 ✓**
- B. GH¢525,000
- C. GH¢496,250
- D. GH¢485,000
- E. GH¢540,000

Answer: A. GH¢520,000

199. Osagyefo Clothing Company Ltd has an August ending cash balance of GH¢31,000 and September cash receipts of GH¢749,000. Compute the total cash available for September.

- A. GH¢749,000
- B. GH¢775,000
- C. GH¢795,000
- D. GH¢718,000
- E. GH¢780,000 ✓**

Answer: E. GH¢780,000

200. Osagyefo Clothing Company Ltd has total cash available of GH¢520,000 for August and total budgeted disbursements of GH¢540,000. Determine the cash shortage for August.

- A. GH¢40,000
- B. GH¢20,000 ✓**
- C. GH¢65,000
- D. GH¢80,000
- E. GH¢60,000

Answer: B. GH¢20,000

201. Osagyefo Clothing Company Ltd has total cash available of GH¢780,000 for September and total budgeted disbursements of GH¢632,000. Determine the cash surplus for September.

- A. GH¢105,000
- B. GH¢148,000 ✓**
- C. GH¢120,500
- D. GH¢80,000
- E. GH¢188,000

Answer: B. GH¢148,000

202. Osagyefo Clothing Company Ltd has an August cash shortage of GH¢20,000 and wants to keep a cash cushion of GH¢40,000. Calculate the amount to be borrowed for August.

- A. GH¢90,000
- B. GH¢40,000
- C. GH¢120,000
- D. GH¢20,000
- E. GH¢60,000 ✓**

Answer: E. GH¢60,000

203. Osagyefo Clothing Company Ltd has a September cash surplus of GH¢148,000 and wants to keep a cash cushion of GH¢40,000. Calculate the amount to be repaid for September.

- A. GH¢92,000
- B. GH¢108,000 ✓**
- C. GH¢65,500
- D. GH¢40,000
- E. GH¢148,000

Answer: B. GH¢108,000

204. Osagyefo Clothing Company Ltd is charged interest at 5 percent per month. Its loan balances after financing are GH¢120,000 in July, GH¢180,000 in August and GH¢72,000 in September. Compute the total amount of interest expense for the third quarter.

- A. GH¢18,000
- B. GH¢18,600 ✓**
- C. GH¢16,200
- D. GH¢15,400
- E. GH¢21,600

Answer: B. GH¢18,600

205. Birdy-Birdy's Jewellery Shop wants a cash cushion of GH¢9,000 before the interest payment at the end of each month. Its July ending cash balance is GH¢7,139 and August cash receipts are GH¢180,000. Compute the total cash available for August.

- A. GH¢187,139 ✓**
- B. GH¢100,440
- C. GH¢163,718
- D. GH¢190,225
- E. GH¢180,000

Answer: A. GH¢187,139

206. Birdy-Birdy's Jewellery Shop has an August ending cash balance of GH¢7,214 and September cash receipts of GH¢216,000. Compute the total cash available for September.

- A. GH¢440,400
- B. GH¢229,226
- C. GH¢223,214 ✓**
- D. GH¢189,440
- E. GH¢216,000

Answer: C. GH¢223,214

207. Birdy-Birdy's Jewellery Shop has total cash available of GH¢187,139 for August and total budgeted disbursements of GH¢174,400. Determine the cash surplus for August.

- A. GH¢19,558
- B. GH¢12,739 ✓**
- C. GH¢25,387
- D. GH¢17,125
- E. GH¢9,000

Answer: B. GH¢12,739

208. Birdy-Birdy's Jewellery Shop has a September cash surplus of GH¢23,198 and wants to keep a cash cushion of GH¢9,000. Calculate the amount to be repaid for September.

- A. GH¢17,312
- B. GH¢14,198 ✓**
- C. GH¢19,851
- D. GH¢27,324
- E. GH¢23,198

Answer: B. GH¢14,198

209. Birdy-Birdy's Jewellery Shop is charged interest at 2 percent per month. Its loan balances after financing are GH¢93,060 in July, GH¢89,321 in August and GH¢75,123 in September. Compute the total amount of interest expense for the third quarter.

- A. GH¢5,150 ✓**
- B. GH¢2,230
- C. GH¢6,590
- D. GH¢7,340
- E. GH¢4,650

Answer: A. GH¢5,150

210. Birdy-Birdy's Jewellery Shop has September total cash available of GH¢223,214, total disbursements of GH¢200,016, a repayment of GH¢14,198 and interest of GH¢1,502. Compute the ending cash balance for the month of September.

- A. GH¢7,356
- B. GH¢7,532
- C. GH¢7,667
- D. GH¢7,498 ✓**
- E. GH¢9,000

Answer: D. GH¢7,498

211. Consider the two statements below. S1: Entrepreneurs dealing in low tech products should focus on products that can be made easily, marketed quickly, and terminated with a minimum of effort. BECAUSE S2: Patents cannot protect low tech products and they can be copied or easily replicated by competitors. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is FALSE and the second is TRUE
- D. the first statement is TRUE and the second is FALSE ✓**
- E. both statements are FALSE

Answer: D. the first statement is TRUE and the second is FALSE

212. Consider the two statements below. S1: Entrepreneurs have to be inventive geniuses to pursue mid-tech innovations. BECAUSE S2: Mid-tech products presume the application of new knowledge. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. both statements are FALSE ✓**
- D. the first statement is TRUE and the second is FALSE
- E. the first statement is FALSE and the second is TRUE

Answer: C. both statements are FALSE

213. Consider the two statements below. S1: Differentiating high-tech from mid-tech products is largely a matter of perception. BECAUSE S2: What is a high-tech product to some may be a mid-tech product to others. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

214. Consider the two statements below. S1: New ventures establish in a market niche. BECAUSE S2: Companies try to establish segmentation strategies so that efficient use of resources can be achieved without ambiguity. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. the first statement is TRUE and the second is FALSE
- C. the first statement is FALSE and the second is TRUE
- D. both statements are FALSE
- E. both statements are TRUE and the second is a correct explanation of the first ✓**

Answer: E. both statements are TRUE and the second is a correct explanation of the first

215. Consider the two statements below. S1: Market research is a fundamental part of planning a new venture. BECAUSE S2: A market research will establish primarily if demand exists for a product or service. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

216. Consider the two statements below. S1: Feasibility plans are best prepared by specialists. BECAUSE S2: Specialists, such as financial experts, know how to operate businesses. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first
- B. both statements are FALSE ✓**
- C. both statements are TRUE and the second is NOT a correct explanation of the first
- D. the first statement is TRUE and the second is FALSE
- E. the first statement is FALSE and the second is TRUE

Answer: B. both statements are FALSE

217. Consider the two statements below. S1: Prices for goods and services must coincide with strategies that reinforce an entrepreneur's business and reputation. BECAUSE S2: Prices of products and services communicate perceptual messages to consumers. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

218. Consider the two statements below. S1: Seed financing is needed prior to or during start-up of a new venture. BECAUSE S2: Seed financing is needed to underwrite operations, assets or business development. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first

- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

219. Consider the two statements below. S1: Intrapreneur is a contrived word meaning a person who pursues an innovation, becoming a champion for its development within an organisation. BECAUSE S2: The word is from intra-company entrepreneur. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. the first statement is TRUE and the second is FALSE
- C. the first statement is FALSE and the second is TRUE
- D. both statements are TRUE and the second is a correct explanation of the first ✓**
- E. both statements are FALSE

Answer: D. both statements are TRUE and the second is a correct explanation of the first

220. Consider the two statements below. S1: A good way to fail quickly in a new business is to start without a clear vision. BECAUSE S2: A business without a clear vision shows a lack of understanding of marketing issues. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

221. Consider the two statements below. S1: Planning is a process that never ends for a new venture. BECAUSE S2: Businesses evolve from early start-up to a final growth stage if planning is done well in the beginning. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first ✓**
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

222. Consider the two statements below. S1: Most technical entrepreneurs tend to start businesses closely related to what they did in previous career positions. BECAUSE S2: The success of entrepreneurs is based on a business ideology which is defined as a system of beliefs about how one conducts an enterprise. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. both statements are TRUE and the second is a correct explanation of the first ✓**
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: B. both statements are TRUE and the second is a correct explanation of the first

223. Consider the two statements below. S1: There are more male entrepreneurs than female entrepreneurs. BECAUSE S2: Men tend to launch ventures early in their lives, but women tend to become entrepreneurs after their children are grown. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. the first statement is TRUE and the second is FALSE
- C. both statements are TRUE and the second is a correct explanation of the first ✓**
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: C. both statements are TRUE and the second is a correct explanation of the first

224. Consider the two statements below. S1: Market potential is critically influenced by the timing of new products or services. BECAUSE S2: Timing pertains to when products or services are introduced, how they are priced, how they are distributed and how they are promoted. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. the first statement is TRUE and the second is FALSE
- C. the first statement is FALSE and the second is TRUE
- D. both statements are FALSE

E. both statements are TRUE and the second is a correct explanation of the first ✓

Answer: E. both statements are TRUE and the second is a correct explanation of the first

225. Consider the two statements below. S1: An extraordinary change is taking place as services which used to be done by government workers are now being privatised in Ghana and elsewhere in the world. BECAUSE S2: Abrupt changes take place in the composition of populations and create the need for new programmes and services. Select the correct response.

A. both statements are TRUE and the second is a correct explanation of the first ✓

- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE
- E. both statements are FALSE

Answer: A. both statements are TRUE and the second is a correct explanation of the first

226. Consider the two statements below. S1: All financial forecasts and projections are based on a number of financial assumptions. BECAUSE S2: The outcomes of future events are not predictable. Select the correct response.

- A. both statements are TRUE and the second is NOT a correct explanation of the first
- B. the first statement is TRUE and the second is FALSE
- C. the first statement is FALSE and the second is TRUE
- D. both statements are FALSE

E. both statements are TRUE and the second is a correct explanation of the first ✓

Answer: E. both statements are TRUE and the second is a correct explanation of the first

227. Consider the two statements below. S1: Investors put greater emphasis on the entrepreneurial team than on the business concept. BECAUSE S2: This has become an axiom common among venture capitalists who will buy into an A team with a B product faster than they will buy into a B team with an A product. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first
- B. the first statement is TRUE and the second is FALSE
- C. the first statement is FALSE and the second is TRUE

D. both statements are TRUE and the second is NOT a correct explanation of the first ✓

E. both statements are FALSE

Answer: D. both statements are TRUE and the second is NOT a correct explanation of the first

228. Consider the two statements below. S1: Inventors often place more emphasis on the entrepreneur's character than lenders and often spend much more time conducting background checks. BECAUSE S2: Inventors provide large sums of money in the form of equity that they will be cashing out in a year or two. Select the correct response.

- A. both statements are TRUE and the second is a correct explanation of the first
- B. both statements are TRUE and the second is NOT a correct explanation of the first
- C. the first statement is TRUE and the second is FALSE
- D. the first statement is FALSE and the second is TRUE

E. both statements are FALSE ✓

Answer: E. both statements are FALSE
